PRESS RELEASE | Expanding Partnership with Cosmote TV

We proudly announce the expansion of our partnership with **Cosmote TV** in the audiovisual content digital protection domain. We will work closely with **Cosmote TV** and partners to provide innovative forensic modules in the existing developed antipiracy backbone.

This is another praise of our business and operational model and a strong proof of our effectiveness and the **great value** that our technology and service is providing to the media content and **TV-Broadcasting industry**.

.....

Mediastalker™ is the piracy antidote. It is an AI/ML-powered virtual agent developed to protect the intellectual property of digital content on the internet on behalf of creators and copyright owners. It protects media portfolios, live events and broadcasts, restoring their lost value.
