PRESS RELEASE | Partnership with ERT S.A.

This is a great moment for all of us, the Mediastalker team, to share the news of our new partnership with **ERT S.A...**

ERT is the public television Organization in Greece and it is considered among the biggest audiovisual content entities in southeastern Europe. We will work closely with all the involved parties on the digital protection of their content including the successfully launched OTT platform and we are more than thrilled to carefully work on the protection of the **legendary ERT Archive.**

Another footprint expansion for **Mediastalker** and verification of our effectiveness and the **great value** that our technology and service are providing to the media content and **TV-Broadcasting industry.**

.....

Mediastalker™ is the piracy antidote. It is an AI/ML-powered virtual agent developed to protect the intellectual property of digital content on the internet on behalf of creators and copyright owners. It protects media portfolios, live events and broadcasts, restoring their lost value.
