## PRESS RELEASE | Partnership with NOVA

We proudly announce the new partnership between **mediastalker™** and **NOVA**, for the protection of their live sports broadcasting.

This new partnership is coming to complete the **IPTV** content protection in Greece granted that **mediastalker™** now has collaboration with both IPTV vendors in the country. Besides, in the coming weeks **mediastalker™** is celebrating the one year anniversary of establishing a successful partnership with **COSMOTE TV**.

It is an honor for us to be trusted by major domestic corporate entities such as **OTE Group of Companies** and **Forthnet S.A.** to protect their valuable and hi-paid content.

Kudos to **NOVA** and **COSMOTE TV**, for opening their supply chain doors to the Greek start-up ecosystem providing partnership opportunities to tech startups like **mediastalker™**.

.....

**Forthnet S.A.** is the company that first introduced internet and pay-TV in Greece. Today it is a top provider of bundled home entertainment and communication services to home users, enterprises and public bodies across the country, under the brand **Nova**.

**mediastalker™** is the piracy-antidote. It is an AI/ML powered virtual agent developed to protect the intellectual property of digital content on the internet on behalf of creators and copyright owners. It protects media portfolios, live events and broadcasts, restoring back their lost value.
