**PRESS RELEASE | Partnership with Hrvatski Telekom**

We are delighted to announce our expanded partnership in Croatia with **Hrvatski Telekom**, for the copyright protection of their diverse digital content and media assets and especially sports.

It is an honor that our advanced technology has been tested and trusted to secure the most prominent media and sports portfolio in the Croatian market.

This partnership represents another significant cornerstone for us at **Mediastalker**, reaffirming the value we deliver to our partners by leveraging our AI-powered solutions, operational excellence, and dedicated service model.

.....

**Hrvatski Telekom**, the leading telecommunications provider in Croatia, offers a broad range of digital services, including high-speed internet, IPTV, and on-demand media streaming. As a **subsidiary of the Deutsche Telekom Group**, Hrvatski Telekom plays a pivotal role in driving digital transformation across the region. With a commitment to innovation and customer-centricity, the company provides cutting-edge solutions that empower over 2 million users in Croatia to connect, stream, and engage seamlessly.

**Mediastalker™** is an AI/ML-powered virtual cybersecurity agent developed to protect the intellectual property of digital content on the internet, and online privacy and to support online betting/casino and Sports Integrity industries.
